**NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS**

The copyright law of the United States (Title 17 United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for a purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy for reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse a copying order, if, in its judgment, fulfillment of the order would involve a violation of copyright law.

**I have read the above conditions governing use and the copyright notice. I understand that this form must be signed and accompany payment before processing begins.**
